## BOOK INFORMATION

A wholly original tale of friendship and betrayal through the eyes – and lies – of one extraordinary girl.

Sasha has a secret – that she can make you spill *your* secret with nothing more than a question. Her strange gift makes her a burden to her foster family and a total freak of nature. Not that Sasha cares. Why should she when no one cares about her?

Then the CIA knocks on her door. They want to give Sasha a new identity and drop her into a foreign country to infiltrate a ring of zealous graffiti terrorists. They want to give Sasha something to care about.

To survive a world where no one is who they seem, Sasha needs to make people trust her. But when that trust blossoms into love, Sasha is forced to decide between duty and friendship, between her mind and her heart, and whether to tell the truth or keep her secrets.
